Subject: rmc greeting

Greetings to all retired CWA members:

President Steve Tisza of Chicago local 4250 has obtained a charter for a retired members club from CWA International and it's Retired Member Council. RMC local 4250 is open to all retirees who were CWA members in good standing at the time of their retirement, regardless of their home local. Our aim is to keep our members aware of company, political, and legislative issues that directly affect us; to develop programs of action that insure our concerns are heard and addressed by the company, the union, and the government; and to keep together socially the friends and acquaintances developed over our working careers. Our next scheduled meeting is at noon on Wednesday, March 19th, in local 4250's offices at 806 N. Dearborn in Chicago. As interim president I invite all who are eligible to attend and join us.

In Fraternity,
Jerry Duplesys
