

CWA at AT&T

AT&T Mobility Bargaining Begins January 21!

Bargaining is tough. The Bargaining Team representing your Union brothers and sisters at AT&T mobility will sit across the table from AT&T starting January 21. They will work hard to make their issues clear to the company. But the bottom line is this: AT&T is a big, powerful company that wants to give them as little as they can.

Decades of bargaining with AT&T have taught us that the only thing that will move them is *not* just seeing that the Mobility members will do what is necessary, but that they have the support of all 180,000 Union members at AT&T.

Get involved! AT&T Mobility workers are the first group to begin bargaining with AT&T this year— what happens during Negotiations with Mobility will set the stage for our contract fight with the rest AT&T.

We're sending our sisters and brothers at Mobility across the country a message— ***We support your fight to get a fair contract with AT&T.***

Wear RED on Jan. 21st – Show the Company bargainers that are CWA members at Mobility not alone in their fight!

We're One Union, in One fight, because we have One future together.

**Do Your Part!
Wear Red on January 21st.**

*Over the next few weeks, we'll be putting out a lot of information both on what is happening at the table AND what you need to do to help. We need you to stay in touch with your Local and with the Bargaining Committee at: **www.CWA-attmobility.com***

Let us know what's happening in your location. Send photos to unityatATT@cwa-union.org
