## 2009 AT&T Mobilization & Bargaining News

*To our AT&T Mobility customers:*

# All We're Asking

# For Is A Little

# R-E-S-P-E-C-T

We're here today because AT&T Mobility workers who are members of the Communications Workers of America are negotiating a new contract with AT&T.

They are not on strike.

**Like you, they just want jobs which provide a fair wage for the work they do and be treated with respect on the job by AT&T management. AT&T Mobility is the most profitable part of AT&T, yet are treated the worst.**

Too many workers at AT&T Mobility don't stay at these jobs because they need to look for something better. High turnover leads to less experienced sales people to help you. That's not what we want and not what you want either.

We are asking you to shop here, at REAL AT&T Mobility Stores with actual AT&T employees (unlike all the unaffiliated retailers all over town).

**We would greatly appreciate your support by telling the store manager that AT&T should give our sister & brother union members a fair deal.**

Thank you!

*CWA and IBEW Illinois and NW Indiana union represented employees of at&t Corp.*
