District 3 is now opening negotiations with AT&T. Just as D.3 has supported members in D. 1, 4, 6, 7, 9 and C&T, we will stand with District 3.

It's possible that not all tables will settle at the same time. A *tentative* agreement at one table would be just that: tentative until ratified.

And whether or not those members ratify their agreement, we will still have *ONE FIGHT*. Until a just settlement is reached at *all* tables, *all* AT&T members will continue to

mobilize in support of their brothers and sisters across the country.

District 3's contract expires at midnight, August 8th.

We are 280,000 members and retirees strong, standing together against corporate greed and for fair contracts at AT&T.
