

BARGAINING REPORT FOR FEBRUARY 21, 2009

CWA Local 1298 wants to report that many off table conversations have been taking place over the past few weeks. District 3 is still undecided after voting down a Tentative Agreement and a new Tentative Agreement is on the table waiting for the new vote. We wait to see what the results are in that District. In the meantime, CWA1298 still stands strong for keeping jobs in Connecticut, and will continue with off table talks this week which will center on jobs in our state.
