## Illinois & NW Indiana 2009 AT&T Mobilization & Bargaining News

AT&T Bargaining & Mobilization News  
SET TO TALK READY TO WALK!

**6-27-09**

June 27, 2009 4PM

**Current IBEW contract with AT&T expires at midnight, less than 8 hours away.**

It's Saturday June 27, 2009 and this is a 4:00 pm update from the IBEW's bargaining team.

**Bargaining has continued throughout the day** today. Talks are now moving at an even faster pace, yet there are numerous unresolved issues, including benefits, wages, job security, prem techs, and more. Additionally, AT&T still has many regressive proposals on the table.

**Our IBEW bargaining team is committed to getting a fair contract for all of our union's hard working members.** You are the ones that have made AT&T the successful and highly profitable company they are today.

**Attend a solidarity rally in your area from 9-12 pm tonight, bring your family, we need to get loud across the jurisdiction brothers and sisters. Make your collective voices heard.**
