

## AT&T "Legacy T" Bargaining Report #60

August 21, 2009

We wish this was a report informing you about the productive meetings we've been having between the CWA and AT&T Bargaining Teams. Unfortunately it is not. Despite the availability of OUR bargaining team, there have been no meetings with the Company team since August 13.

There are still major differences on Health Care, Job Security, Wages and Pensions. We are pushing hard for an indication from them that they are willing to move on our key issues so we can get back to the table.

Help us push them. Keep up the mobilization efforts. In addition to whatever you are doing on the job, click here and join in calling for Randall Stephenson to do what's right. Send him a letter today: [http://www.unionvoice.org/campaign/stephenson\\_respect/iggu7brz7eje5m3?](http://www.unionvoice.org/campaign/stephenson_respect/iggu7brz7eje5m3?)

You should know that is a Nationwide effort. Mobilization activities are still taking place in Districts 4 and 9 in support of those of us who don't have an agreement yet.

**CWA Local 4250 C&T Members, Contact Vice President George Sullivan to volunteer hand-billing the attached flyer at downtown Chicago work locations and METRA stations. George can be reached at 312-307-4250**

**In Unity-Strength & Solidarity:**

**Steve Tisza, President Local 4250**

# AT&T - The IN's and OUT's of Your World Delivered!!

Does it make sense that a company named American Telephone and Telegraph sends so many American jobs overseas and imports employees on H-1B Visas from other countries? In an era when the unemployment rate is around 10%, that's

**UN-AMERICAN!**

AT&T and many other corporations openly acknowledge the use of **OUTSOURCING** of jobs. However, at the same time they're silently **IN-SOURCING** H-1B Workers from other countries.

As quoted by Randall Stephenson, AT&T CEO "We're having trouble finding the numbers we need with the skills that are required to do these jobs"

H-1B *foreign* workers may be hired even when a qualified U.S. worker wants the job and a U.S. worker can be displaced from employment in favor of H-1B foreign workers.

Outsourcing damages the local labor market. Outsourcing is the transfer of employment which affects American jobs, American Families and American Communities.

AT&T continues to lower the BAR on American Workers by not only **OUTSOURCING** our work but **IN-SOURCING** workers as well!
