Illinois & NW Indiana 2009 AT&T Mobilization & Bargaining News

The cost of health care has skyrocketed. AT&T would like to shift that cost to us. That's not the solution! We make AT&T a Successful company--that success shouldn't cost us more!

Our message is simple.

AT&T: Get Off Our Backs And Give Us Hand!

As CWA Local 4250 and IBEW Local Union 21 members, we know this is a fight for our futures...this is a fight for our families, and we'll do...

Whatever It Takes!
