Subject: National AT&T Unity e-Meeting

Dear Colleagues,

### **AT&T Unity e-Meeting**

**Thursday April 23  
9pm EDT**

**Pre-register at:  
[www.cwaunion.tv](http://www.cwaunion.tv)**

On Thursday, April 23 at 9 pm EDT we will broadcast our first ever National Unity Meeting over the Internet.

During this meeting, President Cohen and I will be updating the membership on the status of bargaining at AT&T, sharing video and voices of AT&T workers from around the country, and answering questions from the membership. We will also be detailing specific actions members can take to show their strength and put pressure on AT&T to reach an agreement.

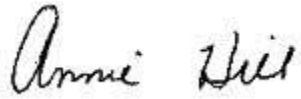

To participate in the meeting, members must register in advance at <http://www.cwaunion.tv>. After they register they will have the opportunity to submit questions that they would like for us to address during the meeting.

This is a critical time for our union and the labor movement. It's essential that healthy companies like AT&T maintain good jobs in our communities with fair wages and adequate health coverage.

We will be sending out a notice to members via e-mail next week, but not all of our members are on our e-mail list. We need your help to ensure that as many members as possible participate in the e-Meeting. Please share this information with your membership and consider hosting a viewing party at your local. We will be sending you a flyer on Monday that you can post and distribute in the workplace.

I look forward to speaking with you on Thursday.

In Unity,

Annie Hill  
Executive Vice President

PS: Please forward this to ALL at\$ members and retirees in you address book

In Unity-Strength & Solidarity:
