*CWA D4 AT&T Midwest Bargaining Report #17
6:00 p.m.CDT*

Negotiations continue at the Midwest regional table; there is still no progress to report on any of our key issues at this late hour. In fact, we are miles apart. However, the committee is currently in the midst of a long negotiating session that is expected to continue late into the night.

If they break, and there is an opportunity for them to report, we'll share that information. If not, there will be another report shortly before midnight central time.

Mobilization News: *In Detroit, hundreds of members converged on Ford Field for the NCAA Final Four to send AT&T a clear message: If there is no justice for AT&T employees, there will be no peace for AT&T.*

Contact your Local's mobilization coordinator or officer to find out your Local's activities.

*The next report will be **Saturday, April 4, 12:00 pm CDT** or sooner should developments warrant.*
