CWA D4 AT&T Midwest Bargaining Report #24

4/10/09

Negotiations continued on Thursday with discussions in the healthcare discussion group.

There is no progress to report, but discussions will resume today, Friday April 10th.

Mobilization News: Yesterday, in Columbus, Ohio, the company sent ten Prem Techs home after only two hours of work. All ten went straight to Local 4320, picked up picket signs and picketed for four hours!

It is the same story across all five states; members are energized, mobilized and ready to do WHATEVER IT TAKES to win this fight for a fair contract.

We remain in Mobilization Phase 2--Strike Standby and are prepared to strike at anytime.

Contact your Local's mobilization coordinator or officers to find out your Local's activities.

Please tell all your friends and family to go to <http://www.standupforworkers.com> the online support statement for our fight to win a fair contract.

The next report will be sometime this weekend as information becomes available.
