### CWA D4 AT&T Midwest Bargaining Report #37 4/28/09

Negotiations continued yesterday at the table as well as informal discussions. The talks at the table focused on the health care issue. While the two sides remain far apart, negotiating is how we will bridge that gap. Negotiations continue today.

Mobilization activities continue across the Midwest, both on the job, and in the community. Local 4900 held an informational picket in Muncie, Indiana last night.

There will be a justice rally in Saginaw, Michigan on **Thursday, April 30 at 5 PM** at the AT&T Building on 4075 Bay Rd. Members in that area are encouraged to get members, family and friends out for this rally to show AT&T that we need a fair contract and they are attacking the middle class.

Please go to <http://www.standupforworkers.com> and sign our online support statement and spread the word among your family and friends.

The next report will be on **Wednesday, April 29**, or sooner should developments warrant.
