CWA D4 AT&T Midwest Bargaining Report #60
6/01/2009

Our midwest committee spent the weekend in caucus reviewing benefit issues. When it comes to protecting the health care of active employees and retirees, the details matter, and our committee takes great care to get those details right. Informal discussions will resume today.

Mobilization News: Members across the Midwest continue to perform quality work safely. Members are still not in the volunteer spirit.

Today at noon, CWA Local 4302 is hosting a town hall meeting with Congresswoman Betty Sutton to discuss health care and our fight for a fair contract with AT&T.

Contact your Local's mobilization coordinator or officer to find out about your Local's activities.

If you have not signed on to our online support petition, please go to www.standupforworkers.com and sign the statement to support a fair contract with AT&T. Tell all of your family and friends to sign on as well.

The next bargaining report will be **Tuesday, June 2**, or sooner should conditions call for it.
