CWA D4 AT&T Midwest Bargaining Report #64 6/05/2009

Informal talks continued on Thursday around benefit issues, evolving technology, and several other national Memorandums of Agreement. We made some progress on some of those issues and will continue these discussions today. Our bargaining committee continues to be ready to work 24/7 if that is what it takes to get an agreement.

Mobilization News: Locals continue to mobilize on and off the job across the Midwest.

Members of CWA Locals 4309 and 4340 spent their breaks and lunch hours "Practice Picketing" at 45 Erievue Plaza in downtown Cleveland. They were joined by a large number of retirees.

Contact your Local's mobilization coordinator or officers to find out about your Local's activities.

Go to StandUpForWorkers to sign our online support petition to win a fair contract at AT&T and spread the word!

The next bargaining report will be Monday, June 8, or sooner should developments warrant.
