## June 19, 2009- CWA D4 AT&T Midwest Bargaining Report #74

Our bargaining committee continues to meet and make slow progress on a number of issues. However, some major issues remain unresolved.

We will continue to be available to work around the clock, willing to work hard to reach agreement on a fair contract. Negotiations will continue throughout the weekend. We will update if there is a major development.

**Mobilization News:** Local 4340 wakes up early to leaflet drop and be part of the release of the new Apple products in the greater Cleveland area.

Contact your Local's mobilization coordinator or officers to find out about your Local's activities.

Visit [StandUpForWorkers](#) to sign our online support petition for a fair contract at AT&T.

The next report will be on **Monday June 22nd**, or sooner should developments warrant.
