

CWA D4 AT&T Midwest Bargaining Report #81 6/30/2009

Talks continued yesterday late into the night. We continue to make progress on a number of unresolved issues and narrow the gap between both sides. However, a number of important issues remain unresolved. Talks will continue today.

Mobilization News: CWA members converged on our nation's capitol calling on AT&T to stop the attack on middle class jobs.

CWA activists lobbied their Senators and Congressional representatives to send letters to CEO Randall Stephenson to stop the attack on our standard of living. So far, in District 4, we have 31 letters. Locals will continue to meet with their representatives to gain more support.

Contact your Local's mobilization coordinator or officers to find out about your Local's activities.

If you haven't already gotten everyone you know to sign on to the petition to support AT&T workers, here is the website: www.standupforworkers.com

The next report will be **Wednesday, July 1**, or sooner should developments warrant.
