12:00 a.m.-CWA D4 AT&T Midwest Bargaining Report #18

While conversations are continuing at the Midwest regional table, we are nowhere near an agreement. CWA has decided that we will stay on the job at the present time, however, the contract has expired which gives CWA the ability to call a strike at any moment of our choosing.

This begins Mobilization Phase 2--Strike Standby. Detailed information will be shared with Local Presidents on Sunday afternoon and with all members on Sunday evening about our Mobilization Phase 2--Strike Standby Activities. We will also be able to share more detailed information about the unresolved issues at that time. Meanwhile, our bargaining committees will continue to bargain and our members will stay on the job.

The next report will be Sunday, April 5, in the afternoon or sooner should developments warrant.
