Dear Liz VanDerWoude:

On your CWA website I noted that CWA is in a long struggle to end the H-1B visa program. I called your office and talked with Debra who gave me your name so that I could send you the newly released book, ***False Prophets of False Profit\$***. This book may be just the tool that the CWA needs to win its fight to end the H-1B program that caused millions of Americans to lose their jobs to foreign visa workers here in the United States. The "**False Prophets of False Profit\$**" are executives who forecast increased profits from displacing Americans with foreign workers, and from other stock manipulations.

Knowledge is power. This book exposes how the H-1B is based on false claims. Armed with the research and economic model in this book, the CWA members can work with other Americans to end the H-1B program, and the harm it is causing to American families, and our economy. Please recommend the book to your members. They can purchase the book on our website: <http://www.lanitepublishing.com> The book will also be available on <http://www.amazon.com> in about one week.

You can reach me at the address above, and at: sales@lanitepublishing.com and you can call me at 919-810-5665.

Best Regards:
