

**URGENT: TAKE ACTION TODAY! TOLL FREE: 1-877-762-8762!**

**SENATE MEETING MONDAY TO CONSIDER INCREASE IN H-1B VISAS CALL SENATOR TED STEVENS & YOUR STATE SENATORS**

We have learned that the Senate will hold a meeting at some point on Monday, November 15, 2004 during which they will consider attaching an H-1B increase to an appropriations bill. We do not yet know what time the meeting will occur or what bill they are attempting to attach the increase to. There is a move underway among some Senators to increase the annual H-1B cap by exempting from the cap foreign nationals holding a Masters degree or higher from a U.S. university. Please call your Senators immediately and ask them to oppose this increase. Your message can be as simple as: ***"I'm calling to ask Sen. \_\_\_\_\_ to oppose the move to increase H-1B visas. I know this will be discussed during a Monday Senate meeting."***

This is an **URGENT REQUEST** to everyone concerned about American worker replacement programs and the loss of American jobs to cheaper foreign labor. Whether or not you are personally working in a high-tech field or have a particular tie or interest with high-tech jobs, **ALL AMERICANS** must come together and fight this attempt to put more American workers in the unemployment line. H-1B visas are one of the tools employers use to displace American workers here in the US and to send American jobs overseas.

**CALL SENATOR TED STEVENS TODAY!**

Senator Stevens is chair of the Senate Appropriations Committee so he will play a special role in determining what measures are allowed to be attached to various spending bills. For that reason, call Senator Stevens and let him know that you oppose any increase in H-1B visas and ask him to oppose any effort to attach such an increase to a spending bill.

**TOLL FREE: For the U.S. Senate: (877) 762 - 8762. Tell the Capitol Operator that you want to speak to Sen. Ted Stevens, whose office opens at 8:00 AM Eastern time. Then call back and talk to the two U.S. Senators from your state.**

**NumbersUSA also has a great free faxing site at:**

**ADD YOUR PERSONAL MESSAGE**

Because many of you have personal experience with this issue, your calls will be much more effective if you can add something about your personal story.

A special Thank You to NumbersUSA and their Washington team for staying on top of this.
