Dear Local 4250 Members & Retirees:

Worker's rights are under attack. From Tallahassee to Jefferson City, Madison to Trenton, collective bargaining rights, benefits, pensions and public sector jobs are on the chopping block. Newly elected Republican Governors and legislatures are fulfilling the promises they made to the CEOs who helped get them elected. It is an all out assault on workers and their families.

### **But we have a plan to stop them.**

CWA has joined with other unions and allied groups to take a stand for workers. Hundreds of thousands of union members have rallied in Wisconsin, Ohio, Indiana, New Jersey and other states across the country. Communities have joined in letting their elected officials know that *workers rights will not be taken away without a fight.*

### **Be Part of the Fight**

Join the fight for worker's rights. If you are a CWA member, part of a family with a CWA member, or a retired CWA member, give at least \$25 to CWA-COPE today and we will send you TWO window stickers for your car or home to show solidarity with workers across the country. These window stickers say:

- Kicking Ass for the Working Class
- Standing Up For Workers' Rights

See the window stickers and learn how to donate at <http://cwa-union.org/donate>. Every worker, in every workplace across the country needs to know what is at stake in this fight. Union busting doesn't balance budgets - it hurts families and communities. In New Jersey Governor Christie is willing to spend a billion dollars on tax breaks for millionaires while slashing workers pensions, in Wisconsin Governor Walker turned a surplus into a deficit by giving the wealthy tax cuts.

**Stand with CWA and say enough is enough. Show your support with a window sticker and contribute \$25 or more to the CWA-COPE today.**

CWA is leading the fight for workers rights. With your help, we will continue to show that workers everywhere are united in solidarity and are ready to fight back against these anti-worker politicians.

In Solidarity:
