

# Ana's garden of hope Benefit

**Analise Deanching** is a typical 22 month old. She loves her big sister Sophie, her blanket and McDonald's chicken nuggets.

Ana is your typical toddler except for one thing. She's living with **Choroid Plexus Carcinoma** - a rare and aggressive form of cancer in her brain and spinal cord.

Every week, Ana undergoes aggressive chemotherapy. She's already undergone brain surgery. All of that adds up to two tired parents and **a pile of medical bills**.

We need your help. Join us for  
**Ana's Garden of Hope Benefit**
