Millions of union members have already made endorsements for the 2008 presidential election.

Do you want CWA to get in on the action?

CWA wants to hear from as many local activists as possible about the upcoming election. Who do we support for President--and what role should the Communications Workers of America play?

The CWA Executive Board will be meeting in mid-September to discuss, among other topics, whether CWA should endorse a candidate for President, and we want your input.

If we endorse a candidate, he or she will have the full weight of CWA's political resources--but we only want to plan a course of action if we have overwhelming support from our members.

Please click on the link below and provide the information requested so that we can verify your membership, then click the Next button to take our three-question survey, which will be compiled for our Executive Board deliberations.

Note: This survey is for CWA members and members of the Retired Members Council or a Retiree Chapter only.
