Vote for Labor Endorsed Candidates

Chicago union members have always remained a decisive vote in Illinois and national political elections. This year should prove no exception with much at stake for working families including a Democratic run at the U.S. Presidential office, an open U.S. Senate seat and numerous local and statewide races. The CFL has endorsed a slate of Cook County Democratic incumbents and the Illinois AFL-CIO recently voted on their endorsed candidates in Congressional races, Illinois House and Senate races, as well as State Supreme Court and State Appellate Court contests. In order to receive these coveted labor endorsements, each candidate went through a screening process and has pledged their commitment to serving in the best interest of working families if elected. The following candidates (listed within our jurisdiction) deserve our members' votes in the upcoming Primary election on March 16, 2004, and their continued support if needed in the General Elections on November 2, 2004.
