Honorable Congressman Weller:

I visited your U.S Congressional website to obtain your position on various key issues and was totally shocked that the War in Iraq is not listed as an issue. In fact, a word search on your site brought up only one (1) item regarding your bill to name a post office in Morris, Illinois after a fallen hero killed in Iraq. Why isn't the Iraq War listed as an issue? Is it not important to you and your constituents, or are you trying to hide the issue from us?

I am a senior citizen and veteran of the U.S. Army (1962-64). I do not want to see my grandson used as cannon fodder in an ongoing War because of a Congressman that is lockstep with President Bush's position of "Stay The Course". Or your cute little phrases, such as of "Cut and Run", used to belittle those who have an opposing point of view.

I suggest your continued blind faith policy be called, a policy of "Lie and Die."

"There are none so blind as those who refuse to see."

PS: Perhaps if you had served your country in the military you wouldn't be as callous as you seem to be.
