Dear Local 4250 Members, Activists and Retirees:

"Turn on Your Lights for Workers Rights"

Worker's rights are under attack. From Tallahassee to Jefferson City, Madison to Trenton, collective bargaining rights, benefits, pensions and public sector jobs are on the chopping block. Newly elected Republican Governors and legislatures are fulfilling the promises they made to CEOs who helped them get elected. It is an all out assault on workers and their families.

CWA has joined with other unions and allied groups to take a stand for workers. Hundreds of thousands of union members have rallied in Wisconsin, Ohio, Indiana, New Jersey, Illinois and other states across the country. Communities have joined in letting their elected officials know that workers rights will not be taken away without a fight.

Stand with CWA and Local 4250 to say enough is enough. Show your support by **"Turning on your Lights for Workers Rights"** on April 4th. **Turn on your porch lights and headlights as a sign that you are ready to fight against these anti-worker politicians.**

Please forward to your friends and families.

As always, wear **RED** on Fridays !!!!!

In Our Unity....There is Strength
